A sunset over a field with a house in the distance. The sun is low on the horizon, casting a warm glow over the scene. The sky is filled with soft, golden light, and the clouds are tinged with orange and red. In the foreground, a large field of crops, possibly corn, stretches across the frame. In the background, a line of trees and a house are visible against the horizon.

## **Commitment to Quality - *Fired by passion***

We use high-carbon manganese steel in the manufacture of our products. A single piece of high-carbon manganese steel is covered with a protective coat of paint, and the CROCODILE brand logo is the ultimate symbol of trust and value. All product details like weight and year of manufacture can be found on our product packaging to ensure consistency in performance. We follow the best practices in engineering and management methods with QA standards that improve team capabilities for greatest customer satisfaction.
